ANNEXURE

Immigration Officer – Temporary Entry Visa Team 2013 – Current
Immigration New Zealand - Ministry of Business, Innovation & Employment

Environment: Government, Customer Service, Decision making role

Responsibilities:

- Assessing and determining work visa applications under the Temporary Entry Visa category by complying with instructions, utilising the INZ established assessment process and following the most current Internal Administration Circular (IAC).
- Acquisition and analyses of temporary entry visa relevant documentation and information and determines its authenticity.
- Providing quality recommendations or decisions in accordance the level of delegated authority, the principles of fairness and natural justice and understanding of immigration outcomes.
- Provision of accurate and timely advice and information on work visa instructions, policy and procedures to clients in an effective manner.
- Recording all client contact in Application Management System (AMS) or Knowledge Management (KM) tool.
- Provision of support services required for the efficient and productive operation of the branch and to properly identify and proactively manage and/or escalate risks regarding processing of applications and decisions.
- Escalation of established risks identified to the senior supervising staff or Immigration Manager.
- Utilises risk mitigation, verification processes and profiling tools/systems required for application assessment and document findings in AMS.
- Management of all application related material securely in accordance with the Privacy Act taking care to protect client's information.
- Initiating and undertaking a two-person checking processes to the decision making process as required.
- Start and End of day finance duty for processing visa application fees done through EFTPOS and online financial transactions.

Achievements:

- Judgement and Decision Making – Contributed to the Temporary Entry Visa (TEV) team timeliness by ensuring at least 92% of applications are decided within 25days.
- Continuous Improvement – Working to a high standard earned me 100% achievement on my warrant training.
- Collaboration - The buddy system was very effective, allowing me to learn exponentially the AMS, iDOL and navigating through the INZ operation manual that I was able to contribute to achieving team goals in my first month.

Spark New Zealand (formerly Telecom New Zealand) Network Performance Analyst SCCNOC

2012 - 2013

Environment: Telecommunications, IT, Shared Service Delivery, Data analyst role

Responsibilities:

- Commissioned by Telecom NZ (TNZ) to provide technical network management services to New Zealand's only submarine cable operator and the only link to the world - Southern Cross

Cable Network (SCCN), I am responsible for the provision of performance/utilisation reports and analysis of the network infrastructure both submarine and terrestrial.

- Did performance metrics of the submarine cable of SCCN which is a three ring figure 8 configuration using DWDM technology, 30,500 km of 7 segments @ 7.6 km submarine depth linking Australia, NZ, Fiji, Hawaii and the U.S. Pacific Coast. It has 500 optical repeaters, 9 landing sites, 10 points of interconnect and has thousands of multi-vendor network elements and devices.
- Heavy involvement with the upgrade of the Operational Support System (OSS) Phase 4 Project to automate performance reporting capability of SCCN.
- Vendor/Supplier relationships maintained with Alcatel Lucent, Ciena/Nortel, Boss Portal
- BAU Transactions monitored:
 - approximately 191 Cases per month
 - tens of thousands of Network Events per day
 - 55 planned work cases per month
 - 23 Provisioning jobs
 - 40 Routine Reports per month

Achievements:

- Shared Service Delivery - contributed to TNZL consistently meeting Service Delivery Agreement (SDA) deliverables.
- Shared Service Delivery - contributed to SCCL Network Operations Centre (SNOC) receiving favourable ratings in SCCL's annual customer satisfaction survey.
- Shared Service Delivery - contributed to SCCL being rated the most preferred submarine cable system in the Asia Pacific region in independent customer satisfaction surveys conducted by The Nielsen Company.

Site Supervisor

2007

**Australian Agency for International Development (AusAID)
Australian Embassy Manila, PHILIPPINES**

Environment: Government, Property Management support, Site supervisory role

Responsibilities:

- Site supervision of project - construction of Blast resistant building design (BRBD) structure for AusAID offices within the Australian Embassy in Manila.
- Assisted the Australian Based (A-based) Regional Manager of Assets and Property Section.
- Utilised management skills to monitor contractual duties and responsibilities for the BRBD project. Oversaw maintenance and the upkeep of sensitive aspects of Australian government property and facilities, and vendor/supplier relationships.
- Coordinated security access requirements and monitored all contractors involved in the maintenance and upkeep of the Australian Embassy Chancery.
- Manage the work of Embassy contractors for the BRBD project
- Arrange for the provision of utilities and other services in the chancery and at residences, including liaison with providers.
- Assist the Office Manager in accounts, personnel and administration functions.
- Liaised closely with the Embassy's facilities management team on repairs and maintenance issues.
- Ensure all properties are kept in good repair and report and rectify all Workplace Health and Safety (WHS) risks.
- Supervised 50 building and construction contractors.

- Ensured attention to detail and accuracy in all work and use the latest DFAT templates. Prepare high quality work that requires only minimal revision before finalisation.

Achievements:

- Customer Service Commitment -Managed in excess of 50 employees engaged in maintenance and repair of air conditioning systems, electrical, plumbing, carpentry, roofing, and concrete work
- Compliance - High compliance with procedures and timely, accurate distribution of corporate information. Ensured compliance of all facets of Department of Foreign Affairs and Trade (DFAT) security regulations and procedures.
- Continuous Improvement - Successful collaboration with engineering, contractor, and service departments accounted for the project finishing on schedule.

Client Service Officer – Temporary Visitor/ Business & Permanent Visas 2005 to 2007
Department of Immigration and Citizenship (DIAC)
Australian Embassy Manila, PHILIPPINES

Environment: Government, Customer services, Administrative support role

Responsibilities:

- Provided administration support to senior Australian-based (A-based) staff of Permanent Entry Lodgement team.
- Provided visa processing support for (A-based) immigration staff and advice for the Temporary Entry Unit through effective administration of immigration policy and procedures in accordance with immigration law particularly on subclasses 456 (Business), 676 (Visitor) and 771 (Transit). Decision making were based on a sound understanding of the principles of natural justice and fairness.
- Exercised sound judgement and decision making to assess and determine immigration applications for permits and visas on behalf of A-based staff. Also responsible for processing of medical clearance of applicants and skills/occupational matching with the use of ANZCO codes.
- Support Services - Appointed Sub-Collector, responsible for the safekeeping and accounting of public money, EFTPOS vouchers, accounts documents, safe combinations and keys that came into custody. This role required knowledge and strict adherence to the provisions of Chief Executive Instruction 2 and the related procedures and guidelines associated with the handling of public money.
- The following tasks also forms part of the delegated duties: File management, Printing and Issuing labels, Issuing allocation letters, Managing courier deliveries, Managing incoming applications, Filing, Clearing faxes, Data entry and General administrative duties.

Achievements:

- Compliance - High rate of compliance which meant over stayers/breach/evasion very minimal. 10 out of 76,500 total applications I processed.
- Customer Support - Fast processing service with 85 applications assessed and decided per day on average. Team average is 100 Visitor, 50 Business Visas and 120 Transit Visas per day.
- Drive and Commitment - I contributed heavily to team goals achievement due to my fast high quality processing of applications.
- Acting with Integrity - Strict adherence to the Privacy Act and Information Act resulted in minimal complaints from clients.

**Account Specialist - San Miguel Beer Division (SMBG)
San Miguel Corporation, Manila, Philippines****2001 to 2004**

Environment: Food and Beverage, Customer services, Sales account specialist role

Responsibilities:

- Responsible for selling SMBG products in all outlets in the assigned sales territory by making the appropriate brand and packages available, merchandising and promotion, management of dealers and wholesalers, management of credit and building and maintaining customer relations and goodwill.
- Responsible for creation of new accounts, covering an average of 38.2 square kilometres with a population density of approximately 41,000 per square kilometre.
- Responsible for sales of approximately 468,000 cases of San Miguel Beer products (120,000 crates per year on average), generating gross sales of up to 234 Million pesos (approximately NZ\$ 7.8M) in 3 years.

Achievements:

- Client Focus -As a corporate ambassador, generated high visibility for the company while exhibiting persuasive marketing abilities to clientele across a wide range of socio - economic classes.
- Influencing - 170 new stores signed up exclusivity contracts with the company due to the effective use of persuasive selling techniques.
- Acting with Integrity - Credit & Collections amounted to NZ\$7.8 M in 3 years.
- Planning and Organising - Consistently reached 110% average monthly forecast sales in majority of assigned sales areas.
